

## *2008 Strategies*

### *Delta Chelsea Environmental Committee*

- Communicate and educate guests, employees, suppliers/partners and the surrounding community about our environmental initiatives and their impact on the community we live and work in.
- Assess our carbon footprint and set benchmarks for improvement.
- Establish an environmentally friendly purchasing policy. Assess current suppliers and set benchmarks for future purchasing.
- Improve and refine current practices as well as review and set new targets for the following:
  1. Waste reduction
  2. Recycling
  3. Donation of used items
  4. Conservation of energy and water
